SMITH-CORONA®

Coronamatic™ 1200

Coronamatic™ Cartridge Ribbon System

Coronamatic Cartridge Portables free you from the task of conventional ribbon changing. Now, you simply insert the new cartridge—and type. It takes only three seconds. More important, you choose and change to a variety of cartridges, according to the job you want done.

Carbon film gives a printed look, sharp and dense. Ideal for executive letters and work to be copied, printed or otherwise duplicated. Fabric ribbons are reuseable, and should be used for drafts and routine typing. Color-ribbons give your typing impact, emphasis and individuality.

Coronamatic Cartridge Portables are built to exacting standards of quality, to insure a long, dependable service life. They have standard, office-size keyboards and a complement of features to save you time and work. Your dealer can give you a complete, detailed demonstration.
